

## VDP Week 2, Session 2: Swiftly Savvy with Microsoft - A Taylor Swift-Inspired Tech Adventure!

This course invites middle school students to dive into the world of Microsoft applications, all with a fun Taylor Swift twist! Each day, students will explore a new Microsoft tool—Word, Excel, PowerPoint, and more—through hands-on activities inspired by Taylor Swift's music, albums, and creative storytelling.

They'll learn to craft vibrant documents, design eye-catching presentations, and create simple spreadsheets to analyze "our stats" and more. With Swift-themed challenges, interactive group projects, and chances to showcase their favorite songs or "fan theories," students will build real-world tech skills while celebrating their favorite pop icon. This unique blend of technology and pop culture promises a week filled with creativity, collaboration, and tech-savvy fun!
