

VDP Week 2, Session 1: Introduction to Fundamentals of Art

Introduction to Fundamentals of Art provides students with basic knowledge of the basic elements and principles of design, color theory and concepts of two-dimensional art as well as gain an understanding and appreciation of Modern art history. This one week course explores creative thinking skills and develops artistic awareness as students practice the basic skills and art techniques necessary for creating contemporary artwork. Students are introduced to art theory and applications in the areas of drawing, conceptual design, painting and color theory. Class discussion will include an understanding of the role of visual arts through history and among world cultures. This hands-on 1-week course provides students with an opportunity to build a creative foundation through an understanding of the visual language of art and the use of basic art materials and mediums. Students will finish the course with a 10X10 abstract painting in the style of Henri Matisse and his late collage works.
