

VDP Week 1, Session 1: Game On! Exploring Storytelling and Analysis Through Video Games

Dive into the world of video games to unlock storytelling secrets and literary analysis skills! In this one-week summer course, weâ€™ll explore how games create immersive narratives, memorable characters, and thrilling plots, just like our favorite books. Using popular games like Minecraft, Undertale, and The Legend of Zelda, (games used may change) weâ€™ll examine storytelling elements such as plot, character development, setting, and themes. Youâ€™ll learn to see games through a new lens, understanding how choices, visuals, and sound build tension and emotion.
