

VDP JR. Week 2, Session 2: A Sirius Course for Muggles - back by popular demand!

Step into the magical world of Harry Potter with our immersive enrichment class! Upon receiving their Hogwarts letters of acceptance, students will embark on a journey of discovery and camaraderie. Sorted into their respective houses through Pottermore, they will delve into the rich history and notable members of their chosen house while crafting personalized nametags with house-related themes. Engaging discussions on book themes will lead to the creation of a "Harry Potter, a History" book chronicling the series' main events, while charms class will see students crafting their own wands and mastering various spells. Defense Against Dark Arts classes will culminate in thrilling duels, adding an element of excitement to the curriculum.

Participants will also learn about Hogwarts itself, constructing a detailed model of the iconic school and embarking on a horcrux hunt within its halls. Classes on potion-making and divination, including reading tea leaves, will further deepen students' understanding of magical practices. The experience will culminate in a Triwizard Tournament, Harry Potter trivia, and Quidditch matches set up in the back pavilion, complete with a selection of Harry Potter-themed candies. Finally, students will capture memories with a Hogwarts Class of 2024 picture alongside their finished Hogwarts model, commemorating their unforgettable journey into the wizarding world.
